

**Equipment shelters — Products/Literature — from Precision Quincy Corp - Brief Article**

**Railway Track and Structures, August, 2001**

Lightweight signaling and communications equipment shelters are available from Precision Quincy Corp. They are offered in dozens of standard sizes, from 8 ft x 8 ft on up to 12 ft by 40 ft (*and beyond*). The exposed aggregate model XP is said to be maintenance-free and vandal resistant. It can be customized. Options include bullet-proofing, alarm systems, with electrical, mechanical and HVAC systems installed to specification.

Installation and pre-staging of customer-supplied equipment can be provided.
